

TRANSAFTY

# CORPORATE PROFILE

---

D.R. MATT INTERNATIONAL SERVICES LIMITED

# INTRODUCTION

---

TRANSAFTY is a Logistics and Supply Chain Management company that specializes in improving the efficiency and effectiveness of its clients' business processes by expertly managing their in-house importations, custom clearing, haulage and warehousing; and ensuring that its clients are provided with high-quality end to end solutions. Our team of professionals make sure that every consignment is processed properly and meets the specified business requirements and at agreed timelines.

---

With years of on-field experience, TRANSAFTY has distinguished itself as a key player in the logistics space. Our logistics team consists of experienced, professional and committed personnel, all of whom have many years of experience in Logistics and Supply Chain Management.

---

## OUR COMPANY

Transafty is registered with CAC as “D.R. MATT INTERNATIONAL SERVICES LIMITED” with registration number RC 1261568 and is registered with FIRS with Tax Identification Number (TIN) number 180613590001 and VAT no. ISV.060021261568. We are licensed by the Nigerian Customs Service as clearing representatives for importers and exporters with license number C6134RC1261568.

We are a member of the International Federation of Freight Forwarders (FIATA), Council for Regulation of Freight Forwarders of Nigeria (CRFFN), Chartered Institute of Logistics and Transport (CILT) and Lagos Chamber of Commerce and Industry (LCCI). We also belong to international freight forwarder networks including: Global Logistics Alliance (GLA), AZ Freight.

We are founded on the belief that maintaining satisfied customers is essential to the financial health of an organization. With this in mind, we work hard to ensure that all of our customers' expectations are exceeded in all transactions.

Our objective is to bring structure to the Nigerian logistics industry using technology and innovation.

# ABOUT US

---

We don't just clear and move cargo; we provide logistics services to support our clients' financial and operational targets, partnering with them throughout all stages of the shipment lifecycle. Our goal is to build on the traditional freight forwarder relationship, to provide them with a transparent and clear logistics solution that is aligned to their business strategy.

Transafly prides itself on being a truly integrated logistics solutions provider. Our expertise, professional skills, logistics solutions knowledge, effective management and hardworking people give us the ability to provide our customers with excellent services.

We are using the best methodology and technology available today to solve the industry's problems and make the logistics process simpler, faster and more efficient.

# OUR SERVICES

---

At Transafly, we proudly stand head and shoulders above our competitors offering similar logistics and supply chain management services. Our unique combination of experience, service, and technology allows us to provide services that offer a high degree of reliability while remaining cost-effective.

## Our array of services include:

- End to End Supply Chain Management
- Forwarding
- Logistics
- Haulage
- Local Clearing
- Warehousing
- Project logistics

# OUR PROMISE

---

As a company we are not just interested in making the sale and walking away. Our aim is to build a mutually beneficial relationship with you, our esteemed client. We are committed to discovering and delivering solutions most germane to our customers needs and requirements and have developed systems and processes to implement these.

Providing the best of products and services to our clients to always ensure customer satisfaction is our forte. We would always encourage our clients to give us feedback on their experience with our products and services and implement suggestions we receive to ensure that we exceed customer expectations. Hence, we have a budget for research and development aimed at discovering and developing new products and product designs that would further improve customer experience.

## BUSINESS CULTURE

---

We pride ourselves in our brand identity. We do not and would not engage in unethical practices or deliver sub-standard/low quality services to our customers for profit.

## QUALITY ASSURANCE

---

You can be rest assured that we take necessary steps to ensure exceptional services at all times. We also work with carrier partners that have these quality assurance processes as part of their service delivery, such that together we always provide customer satisfaction.

# INNOVATIVENESS

---

We are always researching and developing new products and product designs to care for our customers' logistics requirements and deliver a wholesome customer experience. Presently, we are developing some products which will be implemented in the nearest future

Among these are: live tracking to enable both the carrier and the shipper view and know where their assets are in real-time, driver data base, and so on. All these are also in-line with our vision to put up the right structure and frameworks which we believe are essential to transforming the haulage industry

# OUR CORE VALUES

---

Apply the highest standards of excellence to designing, developing, producing, selling and delivering our services and brand value

---

Develop (acquire and retain) enthusiastically satisfied customers at all times

---

Provide a great work environment and treat each other with respect and dignity

---

Encourage creativity and innovation

---

Work as a team

---

Act with integrity and honesty

---

Contribute positively to our community

---

Recognize that profitability is essential to our future success

---

# OUR TEAM

---

Our team comprises local and international logistics and supply chain experts with years of on-field experience. Our international operations are implemented together with our international partners.
